PROFILE

Product designer with a background in visual communication (B.A., Pforzheim) and an M.A. in Interface Design (FH Potsdam). For four years the sole designer at FYTA, a Berlin plant sensor startup, owning app, website and packaging end to end, from system logic to final execution. Strongest where technical complexity has to meet everyday use.

EXPERIENCE

Senior Product Designer · FYTA · Berlin · 02/2024 TO PRESENT

Product Designer · FYTA · Berlin · 10/2022 TO 01/2024

Berlin startup combining plant care with sensor-based technology.

- Owned concept, research, UX and UI for app, website and packaging as the sole designer, from requirement to final execution.
- Completely redesigned the app and built a design system, shipped in 2023 and implemented in code.
- Extended the app from one to five supported sensor models (four new: Beam Gen 2, Mini, Sphere and Terra), restructuring system logic, onboarding, error handling and data visualisation.
- Took three new sensor products (Mini, Sphere, Terra) from product definition to launch.
- Created the complete documentation for the app and, together with the CTO, guided its handover to an external development team during the move from native iOS and Android to Flutter.
- Worked cross-functionally with the CTO, front-end and back-end developers, hardware and firmware, data scientists and plant scientists to align technical feasibility with user needs.
- Presented design decisions and trade-offs to leadership on a regular basis to agree on scope and priorities.
- Mentored a working student and several interns through briefings and design reviews.
- Set up design principles, guidelines and project planning where no design structure existed before.

Working Student · Marketing · FYTA · Berlin · 08/2021 TO 09/2022

- Designed the webshop and landing pages, customised the Shopify and WordPress themes through CSS and small HTML snippets, and set up the FYTA Magazine.
- Conceived and executed social media campaigns and produced videos for social media advertising.

Designer · Loveto · Berlin · 02/2020 TO 07/2021

- Developed visual concepts from client briefs, frequently selected as the final direction.
- Designed sustainability reports in print and as interactive web versions, plus branding, illustration and digital layouts for clients including KfW, HOWOGE, Stadtreinigung Hamburg, Rügenwalder Mühle and Fröbel.
- Managed client projects, partly coordinating directly with clients independently.

Working Student · Loveto · Berlin · 08/2018 TO 04/2019

Designer · Full-time · Eichmeister Kreativagentur · Munich · 04/2017 TO 05/2018

- Developed branding strategies, websites and layouts for startups, with a growing share of digital work.

EARLIER INTERNSHIPS Grünweiss Design (Hamburg) 05/2016 to 10/2016 · Rocket & Wink (Hamburg) 03/2014 to 09/2014

EDUCATION

M.A. Interface Design · University of Applied Sciences Potsdam · Potsdam · 10/2019 TO 07/2022

B.A. Visual Communication · Pforzheim University · Pforzheim · 03/2012 TO 02/2016
